**Learning Outcomes**

< Back to Department (https://catalog.uaf.edu/academic-departments/linguistics/)

Learning Outcomes are measurable statements that describe knowledge or skills achieved by students upon completion of the program.

Students graduating from this program will be able to:

• Demonstrate an understanding of basic concepts and major movements within the field of linguistics
• Focus on one area of interest within linguistics and write a final project exploring this area
• Demonstrate a working knowledge of two languages other than English
• Receive a well-rounded education that enables them to pursue a career related to their major field or to enter a graduate program of study
• Communicate at a graduate level in oral and written form
• Acquire a comprehensive understanding of their area of concentration including its current theoretical perspectives, and research methodologies
• Produce professional reports and/or publishable papers
• Independently design and conduct archival, laboratory and/or field research
• Be satisfied that their training in linguistics provided useful skills for employment, and/or they will seek to continue their education at the graduate level, and/or they will be satisfied that their education has met other personal objectives
