

PRE-PROFESSIONAL OPPORTUNITIES

UAF students may develop a program of study that prepares them for a variety of professional or graduate programs. Pre-professional advising provides information about groundwork for admission to a specific graduate program or professional school. Most professional schools do not require a specific major for admission to their program. However, many courses may be required before admittance into the program, so a student must research admissions requirements carefully.

The Academic Advising Center (907-474-6396, uaf.advising@alaska.edu) provides academic advising for all pre-professional areas (<http://www.uaf.edu/advising/student-resources/#preprof>). The Biology and Wildlife Department (<https://www.bw.uaf.edu>) and the Department of Chemistry and Biochemistry (<https://www.uaf.edu/chem>) provide additional academic advising for the medical, dental, pharmacy, veterinary and allied health pre-professional programs. The Justice Department provides academic advising for law pre-professional programs.
