

EARLY CHILDHOOD EDUCATION

Overview

Minor

The minor in early childhood education provides an opportunity for you to develop a foundation of knowledge and skills through course work that includes an introduction to the early childhood profession and development of the child in their prenatal, infant and toddler years or in their preschool and primary years. Working with an early childhood program advisor, you will select the classes that are best for your interests.

This minor is a great choice for Bachelor of Arts degree students who need to satisfy their minor requirement, or for Associate of Arts students who want to explore early childhood education as an area of interest.

Minimum Requirements for Early Childhood Education Minor: 18 credits
