

STRATEGIC LEADERSHIP

Graduate Certificate

The strategic leadership certificate program focuses on those leadership skills essential to effective strategic executive leadership. In an age of increasing complexity where greater demands are placed on executives to provide vision and pathways to the future, the ability to collaborate effectively, integrate technology, and adapt to an ever-changing environment are essential. Effective strategic leaders today must understand how to create a positive vision that constructively influences both the organization and those within it.

This certificate specifically targets those who wish to either transition into or currently serve at the senior or executive level in the public or private sectors or within nonprofits and who need to better understand the context in which they will be required to develop, collaborate on and consider strategic-level decisions.
