B.A., Mathematics

Minimum Requirements for Degree: 120 credits

Students must earn a C- grade or better in each course.

General University Requirements

Complete the general university requirements. ([link](http://catalog.uaf.edu/bachelors/))

General Education Requirements

Complete the general education requirements. ([link](http://catalog.uaf.edu/bachelors/general-education-requirements/))

As part of the general education requirements, complete:

- MATH F251X Calculus I

B.A. Degree Requirements

Complete the B.A. degree requirements. ([link](http://catalog.uaf.edu/bachelors/summary-of-bachelors-degree-reqs/#bachelorofartstext))

As part of the B.A. requirements, complete:

- MATH F252X Calculus II

Program Requirements

Complete one from the following concentrations: 29

Mathematics Concentration

- MATH F401 Introduction to Real Analysis
- MATH F405 Abstract Algebra
- MATH F490 Senior Seminar

Complete at least 21 additional credits of electives.

Following are some suggested elective packages: 2

Pure Math:

- MATH F305 Geometry
- MATH F320 Topics in Combinatorics
- or MATH F321 Number Theory
- MATH F404 Introduction to Topology
- MATH F422 Introduction to Complex Analysis

Additional 9 elective credits

Applied Math:

- MATH F302 Differential Equations
- MATH F411 Applied Analysis
- MATH F422 Introduction to Complex Analysis
- MATH F460 Mathematical Modeling

Complete two from the following:

- MATH F307 Discrete Mathematics
- MATH F310 Numerical Analysis
- STAT F300 Statistics

Statistics Concentration

- CS F201 Computer Science I

or NRM F338 Introduction to Geographic Information Systems

ENGL F314 Technical Writing
or ENGL F414 Research Writing

MATH F371 Probability

MATH F401 Introduction to Real Analysis
or MATH F405 Abstract Algebra

MATH F408 Mathematical Statistics

STAT F300 Statistics

STAT F401 Regression and Analysis of Variance

STAT F402 Scientific Sampling

STAT F454 Statistical Consulting Seminar 1

Additional 3 elective credits at the F300 level or above

1 Fulfills the baccalaureate capstone requirement.

2 Acceptable elective courses include any math or statistics course at the F300 level or above, and CS F201. At least 15 credits must be math courses. In some cases, courses with strong mathematical content from other disciplines may be used as electives. Such an elective must be approved by an advisor in the Department of Mathematics and Statistics. The requirement that at least 15 credits be math courses still applies.

Note: All mathematics majors — including double majors — must have an advisor from the Department of Mathematics and Statistics.

Note: At least 12 approved mathematics credits at the F300 level or above must be taken while in residence on the Fairbanks campus.

Requirements for Mathematics Teachers (Grades 7-12)

We strongly recommend that prospective secondary science teachers seek advising from the UAF School of Education early in their undergraduate degree program, so that they can be appropriately advised of the State of Alaska requirements for teacher licensure. Students may choose to pursue a double major with education or complete a postbaccalaureate teacher certification program.
