HOW TO EARN A CERTIFICATE OR ASSOCIATE DEGREE

To earn a UAF degree, you must satisfy three sets of requirements: general university requirements; certificate or degree requirements; and program (major) requirements. These requirements are all described in this section of the catalog. Requirements for your major are found in the Certificate and Associate Degree Programs (http://catalog.uaf.edu/certificates-associate/certificate-associate-programs) section.

If your degree program is delivered collaboratively within the UA system (e.g., information technology specialist, early childhood education, human services, rural human services), then the credits you earn from each UA institution will be counted toward fulfillment of the degree requirements and fulfillment of the minimum institutional residency requirements. Institutional residency requirements are the minimum number of credits you must earn from the campus where you earn a degree.

General University Requirements

You must earn at least 30 semester credits for a certificate and 60 semester credits for an associate degree, including transfer credits, at the 100-level or above. At least 15 semester credits applicable to any certificate or associate degree must be earned at UAF. A minimum cumulative GPA of 2.0 is required in all work as well as in your major field. In addition, you must earn a minimum C- grade in courses required for your associate degree major. Some majors require higher GPAs for major course work.

Unless otherwise specified by the appropriate academic unit, a course may be taken more than once toward fulfilling degree, certificate or major requirements. However, credit hours for such courses count only once toward total credits required for the degree or certificate.

MAJORS

You may declare a major when you are admitted to UAF as a degree-seeking undergraduate student. If you haven’t chosen a major, you’ll be enrolled as a general studies student. Nondegree students are not eligible to declare a major, be assigned class standing or receive financial aid.

Students enrolled in associate degree or certificate programs who want to declare a bachelor’s degree major must apply for admission to a degree program following the standard admission process for bachelor’s degree programs. (See admission requirements in How to Earn a Bachelor’s Degree (http://catalog.uaf.edu/bachelors).)

- Changing Your Major
  Undergraduate students may change majors by completing a change of major form available from the Office of the Registrar or at http://www.uaf.edu/reg/forms/. A change of major becomes effective during that time.

CONCENTRATIONS

An area of emphasis, including the major core courses within a student’s degree program, is termed a concentration. Some programs at UAF require a concentration, others do not. A student may only earn one degree in a specific discipline once. Using different concentrations within a degree program to count as different degrees is not allowed.

SECOND CERTIFICATE

To receive an additional certificate, you must complete the requirements for each certificate. You are not required to complete any additional credits beyond the requirements for each certificate.

SECOND ASSOCIATE DEGREE

To receive a second Associate of Applied Science degree, you must earn at least 12 credit hours beyond the first associate degree as well as complete all requirements for the major. As long as you have completed the additional 12-hour requirement, you may be awarded two degrees in one semester.

DEGREE REQUIREMENTS AND TIME LIMITS

You may complete degree requirements in effect and published in the UAF catalog in any one of the previous five academic years in which you are enrolled as a degree student for a certificate or associate degree. You are considered enrolled in your degree program when you complete the appropriate degree student registration procedure. If you do not enroll for a semester or more, or if you enroll through the nondegree student registration process, you aren’t considered enrolled as a degree student during that time.

EXCEPTIONS TO DEGREE REQUIREMENTS

Occasionally an undergraduate student may request an exception to an academic requirement or regulation. Requests for an academic dispensation must be approved by petition. If you submit a petition on
the basis of a disability, the coordinator of Disability Services will be
consulted. Undergraduate Petition forms are available at the Office of
the Registrar online at http://www.uaf.edu/reg/forms/. Forms must be
returned to the Office of the Registrar with required approval signatures.
The Office of the Registrar will note your petition in DegreeWorks once
the appropriate person or committee has made a decision. Academic
petitions fall into three categories, and each involves different processes:

• General Education Requirement Petitions
  If your petition deals with baccalaureate general education
  requirements or the Associate of Arts or Science library science
  requirement, your advisor and the head of the department of the
  academic area involved must grant approval. Submit your signed
  petition to the Office of the Registrar. It will then be forwarded to the
  chair of the Faculty Senate Core/General Education Requirement
  Curriculum Review Committee for consideration.

• Major or Minor Degree Requirement Petitions
  If you want to waive or substitute courses within your major or minor
  requirements, you need approval signatures from your advisor and the
  department or program head of your major or minor area. Submit
  your signed petition to the Office of the Registrar.

• Petitions for Other Requirements
  If your petition deals with general university and/or specific
  requirements for your degree or other academic policies, you need
  approval from your advisor and the dean or director of the college or
  school in which your major is located. Submit your signed petition to
  the Office of the Registrar. It will then be forwarded to the provost for
  consideration.

RESIDENCE CREDIT

Residence credit is course credit earned through any unit of UAF. Formal
classroom instruction, correspondence study, distance-delivered courses,
individual study or research at UAF are all considered residence credit.
On the other hand, transfer credit, advanced placement credit, credit for
prior learning, military service credit and credit granted through nationally
prepared examinations are not considered residence credit, nor are credit-
by-examination credits earned through locally prepared tests. None of
these types of credit can be applied to UAF residency requirements.

RESIDENCY REQUIREMENT

Most universities have residency requirements that call for a certain
number of credits toward a degree to be earned at the degree-granting
school. At UAF, the residency requirement for both certificates and
associate degrees is 15 resident credits.

GRADUATION

• Responsibility
  You are responsible for meeting all requirements for graduation.
  You are encouraged to work with your advisor and use DegreeWorks
  throughout your college career to ensure you are on track to
  graduate.

• Application for Graduation
  You need to formally apply for graduation. An application for
  graduation and nonrefundable fee must be filed with the Office of
  the Registrar. We encourage you to apply the semester prior to the
  semester you plan to graduate. If you file your application by the
  published deadline, the graduation application fee is $50. If you miss
  that deadline, you can submit a late application for graduation by
  the published late graduation deadline for the semester. The fee for
  a late application is $80. Applications for graduation filed after the
  late deadline are processed for graduation the following semester.

Students who apply for graduation and who do not complete degree
requirements by the end of the semester must reapply for graduation
and repay the fee.

• Diplomas and Commencement
  UAF issues diplomas to graduates three times a year: in September
  following summer sessions, in February at the end of fall semester
  and in June at the end of spring semester. Students who complete
degree requirements for UA Board of Regents approved academic
programs during the academic year are invited to participate in the
annual commencement ceremony at the end of spring semester.
Names of students receiving degrees/certificates appear in the
commencement program and are released to the media unless you
submit a written request not to do so to the Office of the Registrar.
Graduates are responsible for ordering caps and gowns through the
UAF bookstore in early spring.

• Graduation with Honors
  Graduation with honors is a tribute that recognizes academic
achievement. Honors graduates have earned a cumulative GPA of 3.5
or higher in all college work. If a student’s overall cumulative GPA is
3.5 or higher, a student graduates with the distinction of cum laude;
3.75 or higher, magna cum laude; 3.9 or higher and no grade lower
than A-, summa cum laude. Your cumulative GPA for graduation with
honors is based on all college work attempted at UAF, including any
repeated or omitted credits due to Fresh Start/academic bankruptcy.
For transfer students to be considered for graduation with honors,
they must have:
  • 3.5 cumulative GPA in all attempted UAF credits, and
  • UAF residence credit of 24 semester hours for an associate
degree.

Once those requirements are met, a cumulative GPA is calculated
combining all college work attempted at UAF, as well as all college work
attempted at any other institutions you’ve attended, including repeated
credits and any credits may not have been accepted for transfer to UAF.
The combined cumulative GPA must also be 3.5 or higher for a transfer
student to graduate with honors.
