Investigations into constructing and analyzing research designs and data collection methods for social science research. Introductions to the software applications of Atlas.ti for qualitative analysis and SPSS for quantitative analysis. This course as the second of the series is intent on completing students’ research design by looking ahead to data collection and refining all of the essential pieces such as problem statement, research questions, methodology and methods. 
Prerequisites: ED F637. 
Lecture + Lab + Other: 2 + 0 + 0 

ED F639  Supporting Multilingual Learners in the Elementary Classroom  
3 Credits 
Offered As Demand Warrants 
Participants will complete web-based modules investigating the history and current teaching practices for supporting English Learners in the classroom. The history and contemporary context of supporting English learners in schools will be explored as well as ways to create positive learning environments and scaffolding instruction throughout content areas. 
Prerequisites: Graduate level standing. 
Stacked with ED F439. 
Lecture + Lab + Other: 3 + 0 + 0 

ED F640  Gender and Education  
3 Credits 
Offered As Demand Warrants 
Educational practices and processes and their relation to the changing situation of women in society. Examination of schools as sites of pervasive gender socialization and discrimination as well as offering new possibilities for liberation. Topics include social construction of gender, patterns of access and achievements, gender as an organizing principle in schools and classrooms, and feminist agendas and strategies for change. 
Stacked with ED F440; WGS F440. 
Lecture + Lab + Other: 3 + 0 + 0 

ED F647  Conducting Social Science Research Overview  
2 Credits 
Offered As Demand Warrants 
Data collection techniques for quantitative and/or qualitative methods. Investigations into collecting and synthesizing quantitative and/or qualitative data for use in social science research. Includes software applications of Atlas.ti for qualitative analysis and SPSS for quantitative analysis. This course as the third of six of the series moves to actual data collection techniques connected to students’ social science research. Topics included are often not covered in many other courses such as how to create tools to gather the necessary data. Alignment with the methodology, research questions and design are built in through the series as the work here continues to build upon the courses prior. 
Prerequisites: ED F638. 
Lecture + Lab + Other: 2 + 0 + 0 

ED F648  Conducting Social Science Research in Depth  
2 Credits 
Offered As Demand Warrants 
In depth investigations into collecting and synthesizing quantitative and qualitative data for use in mixed methods research. Includes software applications of Atlas.ti for qualitative analysis and SPSS for quantitative analysis. This course as the fourth of six of the series is intent on completing the data collection by investigating psychometrics, looking ahead to data analysis and looking back for consistency with the methodology, research questions and research design. 
Prerequisites: ED F647. 
Lecture + Lab + Other: 2 + 0 + 0
ED F649  Elementary Art Methods
3 Credits
Offered As Demand Warrants
Methodologies of instruction and assessment in art education at the elementary level. Focus is on the knowledge and tools necessary to become excellent elementary art educators. Students will be expected to construct lessons reflecting theory and practice that are developmentally appropriate for elementary level students of all ages.
Prerequisites: Admission to K-12 Art post-baccalaureate licensure program or M Ed in Curriculum and Instruction option for post-baccalaureate students.
Stacked with ED F449.
Lecture + Lab + Other: 3 + 0 + 0

ED F650  Multicultural Education And Design
3 Credits
Offered Fall
Participants study professional and personal technology based topics relevant to various career fields in education, with emphasis on current events, emerging technologies and ethical considerations. Readings, research papers, and discussions lead to the development of an instructionally oriented technology proposal that includes an implementation plan and formal presentation.
Lecture + Lab + Other: 3 + 0 + 0

ED F651  Analyzing Social Science Research
2 Credits
Offered As Demand Warrants
Data analysis techniques for social science research. Investigations into qualitative coding and analysis and/or review of statistical analysis both univariate and multivariate within the context of social science research. Includes use of SPSS and Atlas.ti. This course as the fifth of six of the series moves to actual data analysis techniques for social science research. Topics included are specialized to support the research design, methodology and data collection efforts of the peer group.
Prerequisites: ED F648.
Lecture + Lab + Other: 2 + 0 + 0

ED F652  Presenting Social Science Research Results
2 Credits
Offered As Demand Warrants
Data presentation techniques for social science research. Investigations into presenting qualitative and/or statistical analysis results within the context of social science research. Includes use of SPSS and Atlas.ti. This course as the sixth and final of the series concludes the process with a focus on data presentation from a holistic perspective. Topics included are specialized to support the research design, methodology and data collection efforts of the peer group.
Prerequisites: ED F651.
Lecture + Lab + Other: 2 + 0 + 0

ED F653  Instructional Design
3 Credits
Offered Spring
Instructional design combines technology skills with application of learning theory to maximize the effectiveness of education. This course explores instructional design from a practical perspective. Students will acquire hands-on practice with a variety of computer-based tools while exploring instructional methods and principles of design.
Prerequisite: Admission to the Master of Education program.
Lecture + Lab + Other: 3 + 0 + 0

ED F654  Digital Citizenship, Internet Legal Issues, Digital Copyright and Fair Use
3 Credits
Offered Summer
An examination of critical elements of digital citizenship, a survey of contemporary legal issues, and an exploration of copyright, fair use, and intellectual property relevant to educators and instructional designers. Also available online via UAF eCampus.
Prerequisites: Admission to the Master of Education program.
Lecture + Lab + Other: 3 + 0 + 0

ED F655  Online Pedagogy
3 Credits
Offered Fall
A study of theory, tools and methods for teaching online courses. Topics include prominent learning theories, affordance of new technologies, strategies for assessment and techniques for classroom management in an online environment. Students will develop and articulate a personal philosophy of teaching and learning appropriate for the 21st Century.
Prerequisite: Admission to the Master of Education program.
Lecture + Lab + Other: 3 + 0 + 0

ED F659  Multimedia Tools for Educators
3 Credits
Offered Fall
Emerging technologies and software applications in education. The use of multimedia in designing teaching/learning experiences will be emphasized. Students will develop a multimedia classroom presentation and will demonstrate knowledge of Internet resources.
Lecture + Lab + Other: 1 + 6 + 0

ED F660  Educational Administration in Cultural Perspective
3 Credits
Offered As Demand Warrants
Issues related to the social organization and socio-political context of schools, administrative and institutional change processes and the changing role of administrators in education, using a cross-cultural framework for analysis.
Lecture + Lab + Other: 3 + 0 + 0

ED F670  Developing Literacy: ECE-12
3 Credits
Offered Fall
Explores literacy from early childhood through grade 12. Includes an emphasis on developmental aspects of literacy, underlying social and cognitive processes, cultural influences, and the pedagogical implications for teachers. Considers the needs of English language learners with respect to reading/literacy.
Prerequisite: LING F602.
Lecture + Lab + Other: 3 + 0 + 0

ED F673  Literacy in the Content Area
3 Credits
Offered Spring
Students will develop knowledge of strategies that support literacy in the content areas. Emphasis is on the interrelated processes of thinking, writing, reading, listening and speaking of students across languages, modes, and genres. Technology as a tool to enhance disciplinary literacies is explored. The role of teacher as researcher is addressed.
Prerequisite: ED F670.
Lecture + Lab + Other: 3 + 0 + 0

The course provides students with the skills necessary to support student learning in a variety of pedagogical and technological environments. Students will study the theory, tools, and methods behind emerging instructional modalities and strategies: personalized, adaptive, blended, and hybrid learning; flipped classroom models; online course facilitation; accessibility; and classroom management.

This course examines the principles of storytelling in general and digital storytelling in particular, paying close attention to the use of digital storytelling to inform, persuade and entertain across a variety of social and cultural institutions. Elements of digital storytelling will be investigated and used to create original digital stories in a variety of media.

Study and application in the classroom of best practices from research-based strategies for the teaching and learning of mathematical concepts, content and methods for students in elementary classrooms with diverse populations. Requires development and classroom implementation of mathematics unit. Concurrent internship required.

This examination of the relationship between local landscape and community and the development of human perception. Emphasis on the importance of the development of ecologically appropriate community-based educational programs in rural and urban schools. Priority placed on project-centered programs lending themselves to experimental learning opportunities. Includes literature review, discussion, curriculum exploration and design and on-site community exploration of active place-based educational programs.

This multi-disciplinary course focuses on two parts: 1) critically analyze and reflect on current multicultural education issues at the national, state, and local level; 2) translate/apply what is learned to individual classrooms, schools, school districts and beyond. Fieldwork required.

ED F689  Proseminar in Applied Educational Research
3 Credits
Offered As Demand Warrants
Application of social science and educational research methods to the
description and analysis of the student's research topic. The research
topic chosen will be the substance of each student's literature review and
synthesizing paper. Conceptually integrated with ED F698 (to be taken
a subsequent semester), where the final master's project is completed.
Completion and approval of the synthesizing paper, by the committee, is
required for successful completion of this course.
Special Notes: Acceptance into an MEd degree program; completion of all
required core courses; at least nine credits in the area of concentration.
Lecture + Lab + Other: 3 + 0 + 0

ED F690  Seminar in Cross-Cultural Studies
3 Credits
Offered Fall and Spring
Investigation of current issues in cross-cultural contexts. Opportunity for
students to synthesize prior graduate studies and research. Seminar is
taken near the terminus of a graduate program.
Prerequisites: Advancement to candidacy; permission of student’s
graduate committee.
Cross-listed with CCS F690; ANL F690; RD F690.
Lecture + Lab + Other: 3 + 0 + 0

ED F691  Contemporary Issues in Education
3 Credits
Offered As Demand Warrants
A critical overview of the current status of the field of education.
Students will participate in a thorough investigation of select problems,
trends and issues that presently characterize the institution of public
education. Seminar sessions will focus on student research regarding
the development, present impact and potential implications of each topic
discussed.
