EDSE F448 Understanding FASD: Diagnosis, Intervention and Strategies
3 Credits
Offered Spring and Summer
This is an overview course designed to educate candidates about Fetal Alcohol Spectrum Disorder: how they are acquired, current diagnostic strategies; intervention strategies within social services, therapeutic environments and school settings; and individual case management strategies. By the end of the course candidates should possess knowledge of working with children affected by fetal alcohol spectrum disorders, understand the psychosocial implications of this disorder, and be able to identify best possible strategies to accommodating and intervening with these individuals in a classroom setting.
Cross-listed with PSY F448.
Stacked with EDSE F648; PSY F648.
Lecture + Lab + Other: 3 + 0 + 0

EDSE F477 English Language Arts Assessment, Curriculum and Strategies for Special Learners
3 Credits
Offered Spring
Provides in-depth review and analysis of current research on language and English Language Arts (reading, writing and spelling) acquisition, assessment and intervention. Emphasizes the use of evidence-based practices. Identifies the link between language and literacy development. Considers academic, cultural and linguistic diversity. Field experience required.
Prerequisites: ED F201; Praxis I; EDSE F320, EDSE F422, or EDSE F482.
Stacked with EDSE F677.
Lecture + Lab + Other: 3 + 0 + 1

EDSE F478 Special Education Clinical Practice: Initial
3 Credits
Offered Fall, Spring and Summer
For initial licensure candidates only. Part-time fieldwork experience (minimum 120 hours) with individuals who have disabilities in approved K-12 public schools and affiliated facilities. Fieldwork assignments are in inclusive pullout and self-contained settings. Includes immersion in special education planning and teaching under the direction of a supervising teacher and university supervisor. Includes regularly scheduled seminars. Must be completed before enrollment in EDSE F680.
Prerequisites: 18 hours of special education coursework.
Stacked with EDSE F678.
Lecture + Lab + Other: 3 + 0 + 20

EDSE F482 Inclusive Classrooms for All Children
3 Credits
Offered Summer
An in-depth understanding of concepts, strategies and issues that surround supporting the needs of students who experience disabilities in the general education classroom. Field experience required.
Prerequisites: ED F201.
Special Notes: Elementary Education students are required to submit Praxis I scores to School of Education prior to enrolling in EDSE F482.
Lecture + Lab + Other: 2.5 + 0 + 1

EDSE F505 Early Childhood Special Education
3 Credits
Offered Fall Odd-numbered Years
Survey of philosophical, legal, and programmatic foundations of early childhood special education; characteristics of young children with disabilities; strategies to support young children with disabilities in inclusive settings; development, implementation, and evaluation of Individual Family Services Program (IFSP) plans in culturally diverse settings. Field experience required.
Lecture + Lab + Other: 3 + 0 + 1

EDSE F610 Assessment of Students with Exceptionalities
3 Credits
Offered Fall
Techniques and methods used for assessing students with disabilities. Focuses on the purpose of assessment, testing terminology and statistics, and administration and interpretation of formal and informal assessment procedures. Address assessment issues in all Alaskan communities. Field experience required.
Prerequisites: Praxis I, and to have successfully completed an introductory-level course on special education, experience with students who have disabilities, and an understanding of childhood development.
Stacked with EDSE F410.
Lecture + Lab + Other: 3 + 0 + 1

EDSE F612 Curriculum, Management and Strategies I: Low Incidence
3 Credits
Offered Spring
Provides in-depth understanding of best practice strategies for supporting students with low incidence disabilities in culturally responsive ways. Development, implementation and evaluation of Individual Education Program (IEP) plan emphasizing transition plans for students with intensive needs that include a crisis management plan for severe behaviors. Community-based collaborative management techniques and plans will be developed to support post-school transitions. Field experience required.
Prerequisites: Praxis I, and to have successfully completed an introductory-level course on special education, experience with students who have disabilities, and an understanding of childhood development.
Stacked with EDSE F412.
Lecture + Lab + Other: 3 + 0 + 1

EDSE F622 Curriculum, Management and Strategies II: High Incidence
3 Credits
Offered Fall, Spring and Summer
Provides in-depth understanding of best practice strategies supporting students with high incidence disabilities. A theoretical basis for selecting approaches is presented along with practical strategies of methods of instruction and classroom management for addressing the needs of students. Development, implementation, support and evaluation of Individual Education Program (IEP) plan for students with high incidence disabilities as well as classroom management techniques and plans developed for inclusion of high incidence disabilities in culturally responsive ways. Field and research experience required.
Stacked with EDSE F422.
Lecture + Lab + Other: 3 + 0 + 1
EDSE F624  Social/Emotional Development, Assessment and Intervention  
3 Credits  
Offered Spring Even-numbered Years  
Review current research on typical and atypical social/emotional development within a cultural context. Emphasizes the use of research-based practices in assessment and intervention. Explores academic and cultural diversity in the social/emotional growth of students with learning differences. Field experience required.  
Lecture + Lab + Other: 3 + 0 + 1  
EDSE F625  Teaching Mathematics to Special Learners  
3 Credits  
Offered Fall  
Provides assessment and diverse instructional strategies in mathematics for teachers of students with disabilities. Focuses on standards-based instruction, explicit instruction, curriculum-based assessments and preparation of students for high stakes testing, as well as consumer math for special needs learners who need to develop functional skills. Field experience required.  
Prerequisites: Praxis I, and to have successfully completed an introductory-level course on special education, experience with students who have disabilities, and an understanding of childhood development.  
Stacked with EDSE F425.  
Lecture + Lab + Other: 3 + 0 + 1  
EDSE F632  Special Education Law: Principles and Practices  
3 Credits  
Offered Summer  
Examines three federal laws that form the foundation of disability law: Individuals with Disabilities Education Act (IDEA) 2004; Section 504 of the Rehabilitation Act of 1973; and the Americans with Disabilities Act. Focuses on substantive principles that underlie procedural requirements including due process issues, case law analysis, policy changes and the creation of a legally defensible Individual Educational Program (IEP).  
Prerequisites: Praxis I, and to have successfully completed an introductory-level course on special education, experience with students who have disabilities, and an understanding of childhood development.  
Stacked with EDSE F432.  
Lecture + Lab + Other: 3 + 0 + 0  
EDSE F633  Autism and Other Developmental Disabilities: Communication and Social Interventions  
3 Credits  
Offered Spring Odd-numbered Years  
Current methods for assessment and intervention of students with autism and other developmental disabilities Current issues and trends affecting educational practices are analyzed. Case study method used to make assessment and instructional decisions for pro-social solutions. Parent communication is emphasized. Field experience required.  
Lecture + Lab + Other: 3 + 0 + 1  
EDSE F640  Culturally Responsive Collaboration: Working with Parents, Colleagues and Paraprofessionals  
3 Credits  
Offered Spring Even-numbered Years  
How to coordinate with regular education teachers, paraprofessionals, speech language therapists, Alaska Native Education Liaisons, coaches, principals, counselors and outside agencies in culturally responsive ways. Field experience required.  
Lecture + Lab + Other: 3 + 0 + 1
EDSE F678  Special Education Clinical Practice: Initial
3 Credits
Offered Fall, Spring and Summer
For initial licensure candidates only. Part-time fieldwork experience (minimum 120 hours) with individuals who have disabilities in approved K-12 public schools and affiliated facilities. Fieldwork assignments are in inclusive pullout and self-contained settings. Includes immersion in special education planning and teaching under the direction of a supervising teacher and university supervisor. Includes regularly scheduled seminars. Must be completed before enrollment in EDSE F680.
Prerequisites: Successful completion of 18 approved credits in graduate-level special education course work.
Stacked with EDSE F478.
Lecture + Lab + Other: 3 + 0 + 20

EDSE F680  Special Education Clinical Practice
3 Credits
Offered Fall and Spring
For certified and initial licensure special education candidates. Full time field experience with individuals who have disabilities in approved K-12 public schools and affiliated facilities. Fieldwork assignments vary across areas of teaching specialization. Candidates assume full classroom responsibilities for planning, instruction and assessment under the direction of site and university supervisors. Includes regular seminars.
Prerequisites: Successful completion of 18 approved credits in graduate level special education course work; EDSE F678 (for initial licensure students only).
Lecture + Lab + Other: 1 + 0 + 35
