<b>Total Credits</b>		<b>16</b>

## Learning Outcomes

< Back to Department (<https://catalog.uaf.edu/academic-departments/allied-health/>)

Learning Outcomes are measurable statements that describe knowledge or skills achieved by students upon completion of the program.

Students graduating from this program will be able to:

- Demonstrate the skills required to perform clinical chairside procedures, utilize dental materials in chairside and laboratory settings, and capture intraoral and extraoral dental radiography
- Demonstrate knowledge of and apply current infection control practices utilized within the dental practice
- Perform and demonstrate administrative procedures, professional practices, and communication and human relations skills related to the dental assistant job role
- Learn clinical chairside procedural skills for dental specialty practices in pediatrics, orthodontics, endodontics, oral and maxillofacial surgery, and periodontics
- Demonstrate knowledge of advanced dental anatomy
- Apply dental assistant knowledge and skills in a working dental practice
