O.E.C., ADVANCED EMERGENCY MEDICAL TECHNICIAN

Occupational Endorsement
The primary focus of the Advanced Emergency Medical Technician (AEMT) is to provide basic and limited advanced emergency medical care and transportation for critical and emergent patients who access the emergency medical system. This individual possesses the basic knowledge and skills necessary to provide patient care and transportation. Advanced Emergency Medical Technicians function as part of a comprehensive EMS response, under medical oversight. Advanced Emergency Medical Technicians perform interventions with the basic and advanced equipment typically found on an ambulance.

AEMTs are most usually employed in ambulance services, working in conjunction with EMTs and paramedics; however they are also commonly found in fire departments and law enforcement agencies as non-transporting first responders. Ambulances operating at the AEMT level of care are commonplace in rural areas and occasionally found in larger cities as part of a tiered-response system.

Minimum Requirements for Advanced Emergency Medical Technician Occupational Endorsement: 16 credits

Community and Technical College
EMS/Paramedicine (https://www.ctc.uaf.edu/programs/ems-paramedicine/)
907-455-2800
