

Drug-Free Schools Notification

The Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendments of 1989 require that each college and university receiving federal financial assistance provide annually the following information in writing to all students and employees:

- Standards of conduct that clearly prohibit, at a minimum, the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees on its property or as part of its activities.
- A description of the applicable legal sanctions under local, state or federal law for the unlawful possession or distribution of illicit drugs and alcohol.
- A description of the health risks associated with the use of illicit drugs and the abuse of alcohol.
- A description of any drug or alcohol counseling, treatment or rehabilitation or re-entry programs that are available to employees or students.
- A clear statement that the institution will impose disciplinary sanctions on students and employees (consistent with local, state and federal law), and a description of those sanctions, up to and including expulsion or termination of employment and referral for prosecution, for violations of the standards of conduct. A disciplinary sanction may include the completion of an appropriate rehabilitation program.

In accordance with these laws, the information here is presented for your knowledge.
