

CENTER FOR ONE HEALTH RESEARCH

The UAF Center for One Health Research seeks to engage participants from UAF, Alaska and the circumpolar North to build and support as well as collaborate on research, education and outreach programs to address the large, multifocal issues facing these regions.

UAF is seeking to significantly expand these efforts by building interdisciplinary teams that will approach their investigations from a One Health perspective using constructionist, integrative approaches to help manage problems at their source rather than their outcome. UAF has a One Health Master's program focused on understanding and putting One Health concepts into practice, and is in the process of building undergraduate and Ph.D. programs.

For more information, visit the Center for One Health Research website (<https://www.uaf.edu/onehealth/>) or call 907-474-6610.
