

SUSTAINABLE AGRICULTURE MINOR

Program Requirements

< Back to Department (<https://catalog.uaf.edu/academic-departments/natural-resources-environment/>)

Minimum Requirements for Sustainable Agriculture Minor: 18 credits

The minor in sustainable agriculture is based on social, economic and environmental aspects of agriculture and food production. The curriculum supports a basic understanding of sustainability science in global and U.S. agriculture, and an appreciation for the integrated nature of the biological, physical and social sciences that make up sustainable agriculture.

Students must earn a C grade or better in each course.

Code	Title	Credits
Sustainable Agriculture Program Requirements		
Complete the following:
